Unit description

BUS6005 Business Law examines the legal, business and ethical environment in which local and international contemporary businesses operate. It focuses on ethical principles that require an examination of the human consequences to corporate decision-making and on the increasing importance of social corporate responsibility for business.

Unit Learning Outcomes

On successful completion of this unit, students will be able to:

- ULO1** Articulate the legal framework in which Australian and international businesses operate and describe the core concepts as they relate to project management.
- ULO2** Research and identify relevant business law to specific project contexts.
- ULO3** Recognise the relationship between legal and social corporate responsibilities, and the ethical consequences of corporate decision-making.
- ULO4** Effectively communicate a business law case analysis through reports and presentations to a variety.
