3.0	Periodic Review Additional Grade Codes	Academic Board 18 December 2020	21 December 2020
3.1	Updated	Academic Board 12 February 2021	19 February 2021

1. Purpose

This Policy describes the award of grades for units of study, including the application of final, interim, and administrative grades, the nomenclature used at Asia Pacific International College (APIC), and the Grade Point Average calculation.

2. Scope

This Policy applies to the determination and declaration of student's final marks and grades in all units of study at APIC.

3. APIC Grading Scheme

3.1 All units enrolled at census are required to have a result. APIC applies final, administrative, and interim grades as described below. APIC's grading scheme is presented below.

GRADE NOTATION	NOMENCLATURE	MARK	ADDITIONAL INFORMATION
HD	High Distinction	85 to 100	The student has demonstrated outstanding achievement towards all the relevant assessment criteria and standards in the unit of study.
D	Distinction	75 to 84	The student has demonstrated superior achievement towards the relevant assessment criteria and standards in the unit of study.
C	Credit	65 to 74	The student has demonstrated good achievement towards the relevant assessment criteria and standards in the unit of study.
P	Pass	50 to 64	The student has demonstrated satisfactory achievement towards the relevant assessment criteria and standards in the unit of study.
PS	Pass – Supplementary Assessment	50	Awarded after passing an approved supplementary assessment.
F	Fail	0 to 49	The student has demonstrated unsatisfactory achievement towards the relevant assessment criteria and standards in the unit of study. In exceptional circumstances, students who achieve a final mark of 45-49 may be granted a supplementary assessment at the Board of Examiners' recommendation.
FI	Fail Incomplete	50 to 100	The student has achieved more than 50 marks but failed to complete all conditions necessary to pass a unit as identified in the Unit Study Guide
AF	Absent Fail	0	The student has not submitted any assessments or completed any unit's assessed requirements and has not formally withdrawn from the unit.
RPL	Recognition of Prior Learning	n/a	The student has been awarded credit for a specific unit through credit transfer, articulation, or other recognition of prior learning. The credit may be specified credit or unspecified credit.
AS	Advanced Standing	n/a	The student has been awarded credit based on work/life experience rather than formal education qualifications.

When a mark accompanies the final grade, the mark will be expressed as a mark out of 100 for the unit of study.

3.2 Administrative Grades

Administrative grades are final grades but are awarded as a result of an administrative process rather than an assessment and are not accompanied by any mark.

GRADE NOTATION	NOMENCLATURE	ADDITIONAL INFORMATION
WNP	Withdrawn No Penalty	The student formally withdraws from the unit after the census under compassionate or compelling, or special circumstances. The student is not liable for the unit fees.
WF	Withdrawn fail	The student formally withdraws from the unit after census. The student is liable for the unit fees.

3.3 Interim grades

An interim grade will be recorded when a student's final grade and mark in a unit cannot be finalised at the time of the Board of Examiners meeting for the relevant semester.

All interim grades will be finalised within three months following the Board of Examiners meeting for the relevant teaching semester.

GRADE NOTATION	NOMENCLATURE	ADDITIONAL INFORMATION
RP	Result Pending	Used as an interim grade when a student's grade and mark (where appropriate) in a unit have not yet been finalised due to circumstances such as delay in marking, need for a deferred examination, or granting of supplementary assessment by the Results Review Committee.

4. Change of Grade

All final and administrative grades are recommended by the Board of Examiners, presented to, and approved by the Academic Board. They constitute part of a student's permanent record and can only be changed by the Academic Board's approval.

5. Grade Point Average

The Grade Point Average (GPA) is the average of points assigned to grades achieved throughout a degree. The GPA is an important measure used across the higher education sector and can assist students applying for further coursework studies, a higher degree, scholarships, admission to other higher education providers, and entry into the employment market.

The APIC GPA is calculated on a 7-point grading scale where 7 is the highest and 0 is the lowest achievement, respectively. All types of 'Fail' grades (i.e., F, AF, and WF) are included in the calculation. A Grade Point Average (GPA) is available to students who have completed one or more units whose grade contributes to the calculation of a GPA consistent with the table below.

- 5.1 The GPA will be calculated on all relevant units undertaken as part of a course of study at APIC and are recorded as contributing to the award and are specific to the award.
- 5.2 Advanced standing is not included in the GPA calculation. When credit is granted for a unit and appears as Advanced standing on the student record, the grade received in the previous study at APIC in another course and/or at another institution will not be included in the calculation of the GPA for that award.

- 5.3 The GPA of all students is updated every term with the release of results for that term.
- 5.4 If a student attempts a unit more than once, all the attempts contribute to the GPA calculation.
- 5.5 The formula to calculate the GPA multiplies the scale value for the grade awarded by the unit's credit points. Therefore, there will be no other consideration or weight given for the year of the course or the level of the course.
- 5.6 GPA is reported on a cumulative basis on the statements of results.
- 5.7 Credits awarded through Recognition of Prior Learning (RPL) or Advanced Standing (AS) are not included in GPA calculations.
- 5.8 The grading scale is as follows:

GRADE NOTATION	NOMENCLATURE	GRADE POINTS
HD	High Distinction	7
D	Distinction	6
C	Credit	5
P	Pass	4
PS	Pass - Supplementary Assessment	3
F	Fail	0
FI	Fail Incomplete	0
AF	Absent Fail	0
WF	Withdrawn fail	0
WNP	Withdrawn No Penalty	0

GPA is calculated as:

$$\text{GPA} = \frac{\sum (\text{Scale value} \times \text{unit credit points})}{\sum \text{unit credit points}}$$

The GPA will be rounded to three decimal places. An example of GPA calculation is reported in the appendix.

Appendix 1.

Illustration of Grade Point Average Calculation

STEP #	EXAMPLE	CALCULATION	TOTAL
1: Multiply the total number of units studied by the number of credit points each unit is worth	12 units at 6CP each	12 x 6	72
2: Allocate weighting to each unit according to the grade received.	3 units = 18CP, at HD = 7GP 5 units = 30CP, at D = 6GP 3 units = 18CP, at C = 5GP 1 unit = 6CP, at P = 4GP	18 x 7 30 x 6 18 x 5 6 x 4	126 180 90 24 420
3: Divide total at Step #2 by total at Step #1	420/72		5.833

In this example, the GPA = 5.833.
